

Voluntary GA Product Shop Scheme

General Knowledge for GA Product Shop Salespersons

Eligibility for Registration as a **GA Product Shop**

- 1) To display the **GA Product Shop Label** affixed with a validity period till end of each year, at a prominent location of the shop for easy identification by the public;
- 2) To sell GA plumbing products of not less than a particular number of models of GA products (in term of number of GA reference) in at least one of the respective categories within the shop;

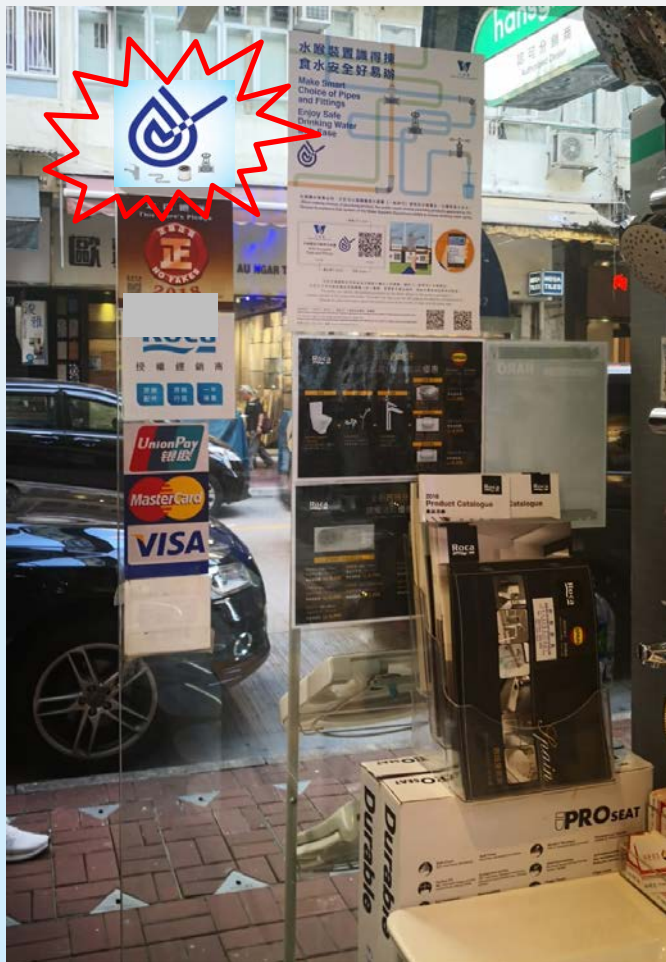

The **GA Product Shop Label** will be issued according to the category/categories that the shop has met the registration requirements as illustrated below:

- 3) To display the GA Labels for plumbing products on sale that have joined the Voluntary GA Labelling Scheme, together with publicity materials, including posters, leaflets, shelf wobblers and leaflet dispensers, for the Voluntary GA Labeling Scheme in the shop;
- 4) To mark/print the GA Reference Numbers of the GA plumbing products on official sale receipts issued to the customers; and
- 5) To apply for renewal of registration annually.
